“Packaging can be theatre; it can create a story.”
-Steve Jobs

Weber International Packaging is a private, family owned company and innovative leader serving the packaging industry.

Company Profile

Founded in 1996, we currently operate two production facilities, one in Vaudreuil-Dorion, Quebec, Canada, the second in Plattsburgh, New York, USA. Our goal is to provide our customers a vast choice of high-quality plastic packaging, great customer service, and reliable, timely delivery.

Over the past 20 years, Weber has developed countless complete packaging series. All these series, bottle and closures, are available to you and can be customized to suit your needs. In addition to the continuous development of new packaging, we also offer custom packaging development, from design and engineering, to prototyping, mould making, and production.

We want to turn your ideas into reality. Give us a call today and put us to the test!

Les Emballages International Weber est une compagnie privée et familiale, axée sur l'innovation en plus d'être un chef de file dans l'industrie de l'emballage.

Fondée en 1996, nous opérons présentement deux usines de production l'une à Vaudreuil-Dorion au Québec, Canada et la seconde à Plattsburgh dans l'état de New York aux États-Unis. Notre mission est d'offrir à nos clients un vaste choix d'emballage de plastique d'une très grande qualité. En plus, d'offrir un service à la clientèle fiable, nous sommes respectueux des échéanciers.

Durant les 20 dernières années, les Emballage International Weber ont développés plusieurs projets innovants. En plus du développement continu de nos projets, nous sommes en mesure de personnaliser vos réalisations à partir de vos idées, de l'ingénierie au prototype, de la conception du moule et pour terminer la fabrication de votre bouteille.

The child resistant roll-on and cap is a proprietary design available exclusively from Weber. It is tested, approved, and can also be used for analgesics or muscle and pain relievers.

Le Roll-On «Child Resistant» avec son bouchon à fermeture de sécurité pour les enfants est une conception brevetée par la corporation d'emballage international Weber. L'emballage complet, testé et approuvé pour les applications sensibles, s'apprête également pour les produits analgésiques ou les produits anti-douleurs.
